

Dear Colleagues,

Since the Wisconsin Health Information Organization's (WHIO) announced its plan to transition to WHIO 2.0, we have received many positive responses and insightful questions. You will find answers to many of your questions in the Frequently Asked Questions #2 document attached and available on our Website ([wisconsinhealthinfo.org](http://wisconsinhealthinfo.org)).

On Monday, the WHIO released its final Data Mart, DMV19. In parallel, we are working with current Data Contributors to transition their data submissions to SymphonyCare and working with SymphonyCare to design new products for you.

I will continue to keep you informed of our progress, as well as how the WHIO will offer additional value to your organization as you navigate the changing healthcare environment.

Please continue to share your ideas, pain points, hopes, concerns and questions. Your input is critical to helping us shape WHIO 2.0 into the information system that you need to answer critical questions today and into the future.

Regards,

Dana Richardson  
Chief Executive Officer  
Wisconsin Health Information Organization
